Things To Remember

STUDENTS MUST HAVE THEIR OWN SCHOOL SUPPLIES

PLEASE LABEL

All school supplies must be labeled, with your student's name, including lunch boxes, backpacks, all clothing items such as sweaters, jackets and anything else that might end up in our school's lost and found box.

BOOK COVERS

All hardcover textbooks must be covered. Please help with this. Stretch cloth covers (book socks) can be purchased. These really work! The covers stay on all year! The students can remove them and use them again the following school year. Cover workbooks with contact paper. Label workbooks - include name and grade.

BACKPACKS

All students must use a backpack every day in which to bring items to and from school. Wheeled backpacks are not permitted due to limited storage space.

REPLENISH

Parents, please review the school supply list with your student from time to time. Being prepared for class will count as an effort grade for students. Please keep the school supply list handy during the year as your student will run out of some of these items. Replenish supplies as needed.
